## Product Specifications

|                          |                                                                |
|--------------------------|----------------------------------------------------------------|
| <b>Catalogue Number</b>  | 16841                                                          |
| <b>Product</b>           | <b>Fmoc-(R)-3-amino-4-(2,4,5-trifluorophenyl)-</b>             |
| <b>CAS Number</b>        | 1217818-53-5                                                   |
| <b>Molecular Formula</b> | C <sub>25</sub> H <sub>20</sub> F <sub>3</sub> NO <sub>4</sub> |
| <b>Molecular Weight</b>  | 455.43                                                         |

---

|                       |                                                                                                                                                  |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Appearance</b>     | White powder                                                                                                                                     |
| <b>TLC System</b>     | Chloroform/Methanol/Acetic acid (90:8:2) : Single spot<br>Chloroform/Methanol/Benzene/Water (8:8:8:1) : Single spot<br>Visualized with UV/Iodine |
| <b>Purity by HPLC</b> | ≥ 98%                                                                                                                                            |
| <b>Storage</b>        | Store at 0 - 8 °C                                                                                                                                |

**For Laboratory Use Only**
