## ***Product Specifications***

|                          |                                                                                                                  |
|--------------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Catalogue Number</b>  | 46521                                                                                                            |
| <b>Product</b>           | <b>Methyl 5-methylnicotinate</b><br>Methyl 5-methylpyridine-3-carboxylate<br>5-Methylnicotinic acid methyl ester |
| <b>CAS Number</b>        | 29681-45-6                                                                                                       |
| <b>Molecular Formula</b> | C <sub>8</sub> H <sub>9</sub> NO <sub>2</sub>                                                                    |
| <b>Molecular Weight</b>  | 151.16                                                                                                           |

---

|                          |                       |
|--------------------------|-----------------------|
| <b>Appearance</b>        | White to yellow solid |
| <b><sup>1</sup>H NMR</b> | Conforms to structure |
| <b>Purity</b>            | ≥ 97% (NMR)           |
| <b>Storage</b>           | Store at 2 - 8 °C     |

**For Laboratory Use Only**
